

Logic Controls KB9000 Bump Bar Legend Sheet

You can use one of the template options below or design a new one using our layout utility. You can download the layout utility from our website.

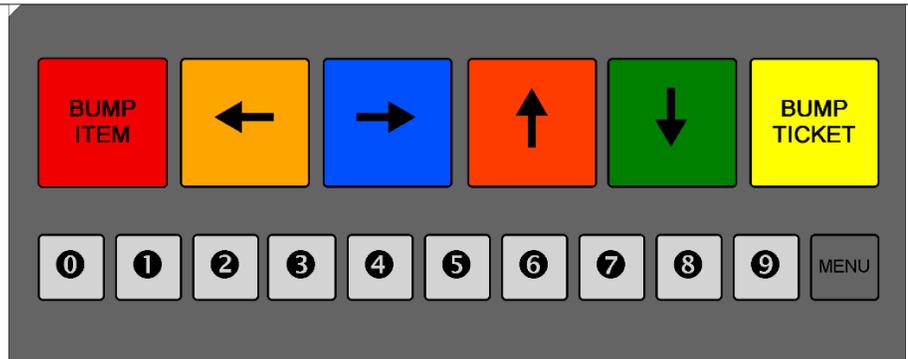

KB9000-Standard Default Template

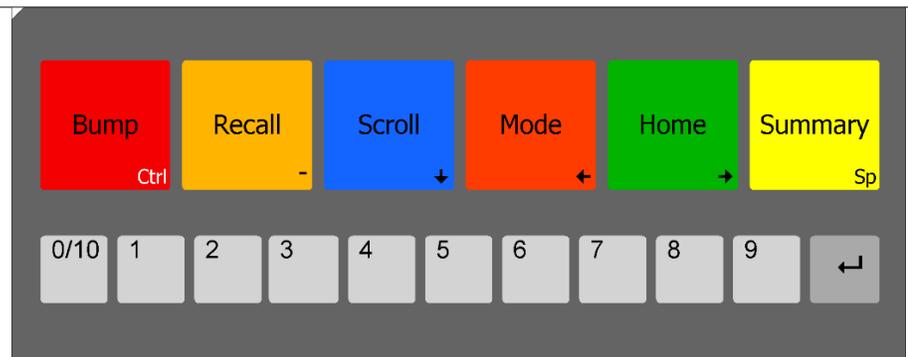

KB9000-B

KB9000-C

KB9000-D

KB9000-F

The KB9000-F keypad features a top row of six large, color-coded function buttons: a red button for 'VIEW ORDERS', an orange button for 'RECALL', a blue button for 'MONITOR SUMMARY', an orange button for 'NEXT SCREEN', a green button with an upward-pointing arrow, and a yellow button with a downward-pointing arrow. Below this row is a second row of eleven smaller white buttons, numbered 1 through 10, followed by a 'REDRAW' button.

KB9000-H

The KB9000-H keypad features a top row of six large, color-coded function buttons: a red button for 'VIEW ORDERS', an orange button for 'RECALL', a blue button for 'MONITOR SUMMARY', an orange button for 'NEXT SCREEN', a green button for 'CHANGE MONITOR', and a yellow button for 'REDRAW'. Below this row is a second row of eleven smaller white buttons, numbered 1 through 5, followed by a grey 'TAG' button, four navigation buttons (left arrow, right arrow, up arrow, down arrow), and a grey 'MOD TAG' button.
